

Architecture-Driven Modernization PTF

TC Meeting Date: 22-23 Sep. 2008
Reporting Chair: Campara / Ulrich
Group page: <http://adm.omg.org/>
Group email: admtf@omg.org

- **Highlights from this Meeting:**

- Review of Analysis Package Submission – NO SUBMITTERS
 - Discussion led to conclusion that we are too early and that we need to shelf this RFP until we get better adoption of KDM and ASTM (appx. 2 years)
 - Further discussion was held on how facilitate faster adoption of KDM and ASTM
- Discussion on ADMTF leadership and vote for confidence in leadership was held
 - Quorum present, motion on vote for confidence was carried resulting in full support of TF leadership (2 co-chairs abstained)
- Review and discussion of draft version of Testing RFP – prime of this RFP withdraw from leading this activity, we are still looking for possible (right) home, otherwise it will be shelved until further notice
- Discussion on next steps: formation of pattern library in support of modernization activities
